## SUCTION CUPS

# ENHANCED GRIP ON YOUR JOB

Power and control in your hand. With the Carat tile suction cup, you can move heavy, slippery or textured tiles or (glass) plates as if it were nothing – 150 kilos vertically, 130 kilos horizontally carrying weight, without losing your grip. Perfect for large-format ceramics or glass.

This is not a gadget. This is your extra pair of hands on the construction site.

BSCM000000

€ 89,-

#### TILE SUCTION CUP MANUAL

To easily lift materials such as tile, glass, laminate, melamine and HPL. Also works on textured ceramic tiles.

- Diameter 200mm.
- 120kg vertical carrying weight.
- 130kg horizontal carrying weight.
- Supplied in sturdy case.

BSCA000000

€ 119,-

#### TILE SUCTION CUP DIGITAL AUTOMATIC

Digital monitoring and assistance with lifting tiles. Automatically sucks up to the maximum load capacity and automatically switches on when the pressure drops.

- Display.
- Up to 150kg load capacity.
- Battery status monitoring.
- Integrated battery, chargeable with USB and USB-C cable included.
- Supplied in sturdy case.

## LEVELING SYSTEM

With the Carat Slim Leveling System, you can lay tiles faster and straighter than ever before. Thanks to the clip-and-cap method, you can tighten the caps by hand for maximum control, without any extra tools. The open caps give you a perfect view of your joints and are reusable up to 100 times.

## STARTERPACK now for € 37,<sup>95</sup>

BTNN100A25

Starter pack with 100 leveling caps, 100 leveling clips 1.5 mm and 100 anti-friction rings.

- 100% flat tiling, without additional tools.
- Maximum control thanks to the clip-and-cap method.
- Leveling caps can be reused up to 100 times.
- Suitable for wall and floor tiles.
- Perfect view of the joints.
- Suitable for tiles up to 18 mm thick.

#### LEVELING CLIPS | 100 PCS

€ 8,50

BTNNC00010	1,0 mm
